

# All of My Dreams

2007 St. Patty's Day  
Hangin' out it was getting late  
When I checked in for a date  
Cut to the coffee shop, we started to talk and we couldn't stop  
Now look at all we got

No, I never thought I'd need a thing  
Find someone to make my heart sing  
I never tasted love so sweet  
But with you...I do

All of my dreams  
All of my dreams  
All of my dreams have come true

Next day I overslept  
Dreaming of a promise kept  
The invitation I accept  
Up to the mountaintop  
Skiing down, we were holding on  
Wanna keep you in my arms

No, I never thought I'd need a thing  
Someone to make me feel complete  
Now look at all the love you bring  
With you...I do

All of my dreams  
All of my dreams  
All of my dreams have come true

Uh oh  
Do you know...how you move me baby?  
You are my home...my heart and soul  
I give to you now  
Do you believe  
It's you and me... yeah I do

No, I never thought I'd need a thing  
Find someone to make my heart sing  
Now look at all the love you bring  
With you...I do...I really do

All of my dreams, all of my dreams  
All of my dreams, all of my dreams  
All of my dreams, all of my dreams...  
They came true baby...with you
