

# *See What You See*

Why do I feel a little prettier  
When you look at me  
Why do I feel a little wittier  
When you're laughin' (I love your laughin')  
Smarter when you listen  
Hotter when we're kissin'  
Like there's no one else you're wishin' I could be

You make me want to see what you see  
I want to believe what you believe about me  
In your eyes I'm complete  
And everything I have is all I need  
I can't tell you what that means  
You find the best part of me  
I wanna see what you see

You make me feel a whole lot stronger  
When you're holding me  
I know I can fight a whole lot longer  
Than I would usually (Yah usually)  
Everytime I start to doubt myself  
Think dreams are meant for someone else  
I love the way that you disagree

You make me want to see what you see  
I want to believe what you believe about me  
In your eyes I'm complete  
And everything I have is all I need  
I can't tell you what that means  
You find the best part of me  
I wanna see what you see

You make me want to see what you see  
I want to believe what you believe about me  
In your eyes I'm complete  
And everything I have is all I need  
I can't tell you what that means  
You find the best part of me  
I wanna see what you see
